

Newsletter: Friday 22nd January

Dear Parents

Week 3 has been another busy week both in school and for everyone at home. We welcomed our new member of staff to the Early Years Team, Mrs Wall, who will be working in our EYFS Thursday/Friday bubble. We are receiving so many lovely home learning pictures from you, we thought it would be great to share a selection of them along with our class news.

Thank you once again for all your hard work at home, we know that it can be extremely tough. If your child is having a rough day and struggling to complete home learning tasks, take a step back – it will not harm your child’s progress, your family wellbeing is more important. If you need any support or advice, please do not hesitate to contact the school.

Owl Class News

Owl class have had a very busy and exciting week.

We have been blown away by all the effort the children have put into their work. The rainforest topic really is a hit and the creativity and learning has been fantastic. The dioramas the children have created to show the different layers within a rainforest, are incredible.

friendship, thankfulness, honesty, forgiveness, compassion and trust

Owl class have continued to look at poetry during our literacy lessons, along with researching a rainforest animal to write poems, we also looked at rhyme and alliteration. Some children even produced PowerPoint presentations for their research piece. We look forward to seeing the completed poems.

Science has allowed us to explore various food chains. This has included the use of many props at home to depict which animals would fit where within each food chain.

During maths we have continued to explore grouping and the commutative law, with many practical activities to secure this understanding.

We could not be prouder of our Owl class children, they have all shown continuous perseverance and enthusiasm and we are truly grateful to the parents for their support, guidance and creativity to ensure that their child learns to the best of their ability at home.

The KS1 Team

Robin Class News

It has been a busy week in Robin class as we welcomed our nursery children for more sessions throughout the week and Mrs Wall joined the team.

This week we have been saying "hello" to the snowy animals in the Arctic and looked at polar habitats around the world. We followed Andy's workout in the Arctic on CBeebies and the children have created their own amazing polar animals.

It has been a delight to see the creativity of the children (and parents!) in the tasks we have set this week!

The Early Years Team

I hope you have a relaxing weekend!

Warm regards

Mrs Green
