### Information in Case of Adverse Weather

This time of the year we start to think about the weather and even the possibility of having to close the school due to adverse weather conditions.

Our priority is to keep the school open whenever possible. A decision to close the school is made after careful consideration of a number of issues that include the staff's ability to travel to school, staff to pupil ratios and the condition of the school grounds with my paramount concern being the safety of pupils and staff.

There are several ways parents are notified of the status of the school and there are now good systems in place; on the Bucks County Council's school closure listing, our own website, and email system

Therefore, any school closures will be:

- Registered on the Bucks Council's closure list at [closures.buckscc.gov.uk/Default.aspx](http://closures.buckscc.gov.uk/Default.aspx), or go directly to the [Bucks CC](http://BucksCC) website, click on Schools, School Closures, and follow the instructions.
- Recorded on the school's website
- Reported to parents via email

Please notify us of any changes to contact details.

If the school is closed for more than one day we will text parents to confirm when the school reopens as and when we know.

If you are unable to access websites or receive emails we suggest you arrange with another parent to contact you in emergencies.

If you have any questions regarding these procedures please don't hesitate to contact the office.

Mrs Green  
Head Teacher
